Here are some of the new changes in V21, (There are many more undocumented small changes)

Your Letterhead
Now every Computer can have its own letterhead if required and can also be swapped with a master header. For example, if you have more than one department or division each division or department can have its own letterhead.
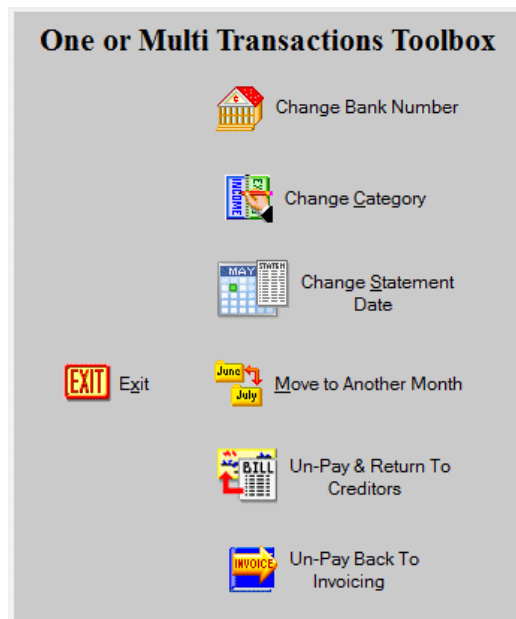

Invoicing
Printing a mailing sticker can now be done in Invoicing to address packages to be delivered. (The setups are used from the Phone Book sticker setup)

Stock
When copying parts from one file to another, if all parts are copied the source file can be auto deleted.
A part can now be found by searching by the bin number in the stock list. Selling prices can now be updated by percentage not just by increasing mark-ups. A roll back can also be set before changing prices.
You can now import a data file from hand held PDA's when doing stock takes. The file must hold a barcode number and quantity. There is a new column in the stock list screen to see if the item is a stock item or not.

Bookkeeping Ledger

One or Multi Transactions Toolbox

- Change Bank Number
- Change Category
- Change Statement Date
- **EXIT** Exit
- Move to Another Month
- Un-Pay & Return To Creditors
- Un-Pay Back To Invoicing

New multiple transaction change & move options to un-pay and return transactions to Creditors or Invoicing, giving more flexibility in un-paying Paid records from the ledger, part paid Invoices can also be unpaid.

Creditors
Sub-contractors can now be tagged as reportable to the ATO and a file sent to the tax web site with balances.
There is a new pin number lockout from viewing paid wages from within creditors

Wages
Improvements have been made to the Pay slip print out. There is now an option to send pays to the ledger not creditors and a pin number lockout from viewing paid wages from within creditors.
ATO year-end Summary Statements can now be created as a file and submitted on the ATO office web site.
You can now email Payslips when committing the Pay Run. A Pay Run can now have notes attached.

Mobile Invoicing
On screen signing for goods can now be done if you have a touch screen or add on touch screen.
A Refresh button has been added to some of the listing screens to ensure your list is up to date with changes.
